

Off-Road Cave Safari - Naihehe Cave.

## New Off-Road Cave Safari Kicks Off In Sigatoka!

The team behind Fiji's very own original river safari have introduced yet another original Fijian experience for visitors to Fiji to enjoy. The all new exciting "Off-Road Cave Safari" kick starts this November.

The core of this new Off Road Cave Safari experience is having guests embark on a journey deep into the heart of the Sigatoka Valley and exploring Fiji's largest cave system, the *Naihehe Cave*.

The half day safari will also enable guests to get a glimpse of Fiji as it was and now is. Apart from crossing the mighty Sigatoka River in a 'push push punt' (bilibili) guests will enjoy the spectacular Sigatoka scenery, learning about the history of the area meeting the locals going about their daily lives and much more.

Lunch is included on the trip and on the way home guests can cool off by enjoying a refreshing swim in the fresh water streams of the interior.

This experience is for those more willing to get hands on with Fiji and wishing to walk down the road less travelled.

See back page for bookings and contact details.

## 2011 Coral Coast 7's

With teams from New Zealand, United States, Australia and Fiji participating, fans will be treated to an exciting 2 day tournament of 7's rugby at it's best.

No doubt, the highlight of this year's tournament is the presence of two of the World's greatest rugby players, Australia's David Campese and Fiji's Waisale Serevi. Campese will be assisting the Navosa Warriors team as technical assistant and Serevi will be bringing a team from the U.S.A where he now coaches and teaches the greatest game ever played.
