CHALLENGE

Hello Jay and your great team,
Just a quick note to say how much I enjoyed my safari with you guys and the Fletcher group last week. What a great time I had.
The visit to the school and the village for the kava session is really what going to Fiji is all about. I am 62 years old, I was a little worried prior to the start that my recently operated on knee might cause me some trouble.
My only disappointment was the "Blue" team never won the day.
Thanks, once again. I would recommend your company to anybody.
